8/27/84 - Monday - 715PM

Leo Mc Gurin (679-2567) stopped as DWP, John K & d were working on the outhouse. Very friendly. He knew who d am. Knew RTP. He lives over by Alvin Seamans & has a rain dogs (beagles). He stopped to see if d had seen a tri-colored collie mix (black-tan-white) — a female dog in heat. d said d would call him instantly if d did. He came in & said — "you've done a nice job of fixing the place up." Wanda Jones stopped at Mc Gurin's and came on about me, said Mc Gurin. He described her as the local Crazy & said not to worry about her. No one taken her seriously. It was a very cordial ten-minute visit.
